

Sea Badge Award

This award requires elements of Training, Performance and Tenure:

Training:

This knot is given recognition of completion of The Sea Badge Course, which is the advanced training course for Sea Exploring leaders at the Ship, District, Council or Regional level. The course consists of a four or five day resident course and up to two years to apply the principles taught in the course. Attendance at the Sea Badge course is required

Tenure:

In the two years after the practical course candidates use their knowledge to develop and extend the Sea Exploring program of Exploring in the local Council or within a Ship. This is in some ways similar to the Wood Badge training courses which also feature a resident course followed by up to two years to apply the principles taught in the course.

This is similar to the Wood Badge training courses which also feature a resident course followed by up to two years to apply the principles taught in the course. Attendance at the Sea Badge course is nominative.
